**3.4.1 Outcomes of Extension activities in the neighborhood community in terms of impact and sensitizing the students to social issues for their holistic development during the last five years.**

Our Institute organizes extension activities to promote institute-neighborhood-community network aiming to sensitize students to the social issues and contributing to the good citizenship. The National Service Scheme (NSS) is an extension dimension to the higher education system to orient the student youth to community service while they are studying in educational institutions. The NSS Unit, Signature Club, Women Cell and other departments in collaboration with different agencies, NGOs, hospitals etc. lead extension activities to address local issues and sensitize students for their holistic development. An active NSS unit of 150 volunteers conducts regular activities within the campus and outside it. NSS organizes a residential seven day camp in nearby adopted village and several activities were carried out by NSS volunteers addressing social issues which include cleanliness , tree plantation ,water conservation through construction of Bandhara, Shramadan, Social interaction, Eradication of superstition, Beti Bachao Beti Padhao, Environmental awareness, Women empowerment, National Integrity, AIDS awareness, Blood donation camp, Health checkup camp, health care, eye checkup camp, Awareness about farmer's suicide etc. Various departments of the college is conscious about its responsibilities for shaping students into responsible citizens of the country by making students aware of social issues through various program like Environmental Awareness, Personal Health and Hygiene, Diet awareness, road safety, Tree Plantation, Plastic removal, Voters awareness, Installation of Bird water feeder etc. Moreover, institute was organized commemorative events such as, International Day of Yoga, World Environment Day, Rashtriya Ekta Shaptah, World AIDS Day, etc.

**Outcomes of the Extension Activities:**

All these extension activities have given the participants exposure to cases of unjust deprivation and have created strong motivation for eradication of this injustice. Apart from this the significance of clean surrounding, hygiene, sanitation in the neighborhood, garbage disposal, and sensitizing the community at large to these vital issues. Also helped students in holistic development, strengthens the sense of empathy and compassion among the participants and also instills in them a sense of commitment and ethical responsibility. Programs on women empowerment creates awareness among girl students of their condition and their rights, and among boys a sensitivity towards problems of women, leading to decreasing of gender bias and patriarchal prejudices. The activities listed above are indicators of the manner in which multiple issues of social, political and economic significance are discussed and deal with in order to create sensitivity and understanding among students and contribute to the balanced development of their personality, so that committed and ethically informed, balanced and responsible citizenship is created.
